# WRIGHT STATE UNIVERSITY

In the tradition of the nation's best universities, Wright State University is dedicated to teaching, research, and service. In addition, Wright State has the distinct mission of providing leadership to improve the quality of life for the people of the Miami Valley. Wright State is a comprehensive state university with a diverse range of high-quality academic programs and strong links to Miami Valley schools and businesses, government, and community organizations.

The university serves nearly 16,000 students with programs leading to more than 100 undergraduate and 46 Ph.D., graduate and professional degrees through six colleges and three schools. Wright State offers innovative educational programs, including doctoral programs in biomedical sciences, human factors and industrial/organizational psychology, medicine, and professional psychology; one of only two aerospace medicine residency programs for civilians in the nation; and a post-master's educational specialist degree program. Wright State's theatre, accounting, and chemistry programs are recognized for excellence. The Wright State University-Lake Campus, located between Celina and St. Marys on the north shore of Grand Lake, offers associate and prebaccalaureate degrees, and limited baccalaureate and master's degree programs.

Wright State University's faculty is dedicated not only to advancing the frontiers of knowledge but also to applying knowledge to real problems. Most classes are small and taught by fully affiliated faculty members, 80 percent of whom hold the most advanced degrees in their fields. In addition,

students gain hands-on experience through a variety of community-based programs, cooperative education, internships, and research projects operated with industry and government.

Roughly 2,600 of Wright State's students live in university-affiliated residences on or adjacent to the 557-acre main campus. An extensive underground tunnel system links most campus buildings, whose modern architecture is nationally recognized for being completely accessible to people with disabilities. Although most students hold jobs on or off campus, many are involved in one or more of the 100 student clubs and organizations that give vibrancy to campus life.

The university offers 16 Division I intercollegiate athletic programs, and many students participate in intramural sports programs. The Ervin J. Nutter Center, a state-of-the-art sports and entertainment complex, and other recreational facilities are available to students on a daily basis. Besides intercollegiate athletic events, the Nutter Center hosts convocation, concerts, and other cultural and entertainment events.

The University Libraries, consisting of the Paul Laurence Dunbar Library and the Fordham Health Sciences Library, are linked through the OhioLINK system and Internet to holdings of other major academic libraries in Ohio and to a wide range of databases for electronic research. The Department of Archives and Special Collections includes an African American collection, as well as sections on the Wright brothers and early aviation history, local history, children's literature, and university history.

He has provided leadership in 19 national committees and received 15 academic honors and community awards. During Dr. Goldenberg's tenure, the medical school achieved national acclaim. Before entering the medical profession, Dr. Goldenberg was an engineer for Grumman Aerospace Corporation. His work included testing critical parts for NASA's first manned lunar landing and managing a \$49 million jet research testing program.

Dr. Goldenberg has produced three books and over 80 publications. He is listed in *Who's Who in America* and in *International Who's Who*. Since becoming president, Dr. Goldenberg has joined two national councils of presidents and the Ohio Science and Technology Council.

# DIRECTOR OF ATHLETICS

## Dr. Michael J. Cusack

Growth and success have always been major ingredients of Wright State athletics, but never more so than since Dr. Michael J. Cusack was named director of athletics in April of 1982.

One of the major forces behind the move to Division I, Cusack continues to press forward with several major projects. In addition to assisting with the design of the athletic components and the move of the athletic department to the

Nutter Center in 1990, Cusack formed the Director's Club, a committee of prominent business and community leaders who sold premium seats in the new arena. Besides the "giving" clubs formed under Cusack, he has shaped other programs such as Seeking Knowledge In Learning Life Skills (SKILLS), The Raider Hall of Fame, The Student-Athletic Advisory Council and the Varsity "W" Club.

The university continues to present a well-rounded program under Cusack's leadership. The university offers seven sports for men and nine for women. The student-athlete concept has prospered under Cusack's leadership, stressing the importance of classroom success. SKILLS has also instituted a drug education program designed to help diagnose and rehabilitate potential abusers. In addition, he designed a community awareness program that carries a "Say No to Drugs" campaign to area youth.

Success has been no stranger to Wright State athletic programs since Cusack's arrival. The men's basketball team competed in the Division I basketball tournament for the first time in 1993 after winning the Division II national championship in 1983 and making two other regional appearances in Division II. The men's and women's swim teams made appearances in the Top 10 at the NCAA Division II championships. The baseball team made its first appearance in the Division I regionals in 1994 after three regional tournament appearances in Division II, including a 1987 second-place finish at the Division II College World Series. Also in 1987, the women's basketball program earned its first regional tournament bid, and the golf team was selected for the NCAA championships four years after the sport was reinstated to varsity status. The women's soccer team made the NCAA Division I tournament in both 1998 and 1999 while the golf squad advanced to the NCAA Division I regionals in 2000.

Cusack came to Wright State after spending four years as the director of athletics at Mercyhurst College in Erie, Pennsylvania.

His major achievement at Mercyhurst was guiding the school from NAIA to NCAA Division II membership. He also headed a project in 1981 to add a Division III football program. In its first year, the project sold more than 700 season tickets.

A native of Levittown, New York, Cusack earned his Bachelor of Science degree in physical education from Long Island University in 1964. He received his Master of Science degree in physical education from Queens College in 1969 and an Ed.D. degree in 1980 from New York University in administration of physical education and athletics.

Following graduation in 1969, Cusack spent nine years at Queens College as a member of the physical education faculty. He served as head baseball coach, assistant basketball coach and assistant athletic director. His baseball teams had a combined record of 65-27 with teams appearing in postseason tournaments each of the four years he was coach. He was inducted into the Athletic Hall of Honor at Queens in December 1986.

Cusack and his wife, Dorothy, live in Beavercreek. The couple have five children and three grandchildren.

# DAYTON

## Where Innovation Meets Tradition

From the Wright brothers' first flight experiments to the invention of the first self-starting automobile ignition system by Charles F. Kettering, from the cash register to the automated teller machine, Dayton has a strong tradition of encouraging innovation, excellence and service to humanity. Over 900,000 residents and Wright-Patterson Air Force Base call Dayton's metropolitan area home.

Dayton is a place that takes as much pride in historical preservation and parks as it does in high technology. Located in southwestern Ohio's Miami Valley at the confluence of the Great Miami, Stillwater and Mad Rivers, Dayton is a picturesque combination of rolling hills, flowing waterways and open spaces. Dayton boasts more green area than any U.S. city its size. Over 35,000 acres of parks, nature preserves and other greenery beckon you to enjoy your favorite outdoor activities, and a popular river corridor along the Great Miami River offers 26 scenic miles of walking, jogging and cycling.

## In the Heart of the Midwest

Dayton welcomes its visitors with big-city amenities and small-town, Midwestern friendliness.

Dayton's central location among Columbus, Cincinnati and Indianapolis puts major collegiate and professional sports

activities, cultural events and other recreational opportunities within easy driving distance. It's one of the nation's most accessible (and affordable) destinations. Chicago, Detroit and Cleveland are all within a day's drive, and Indianapolis and Louisville are even closer. Cincinnati is just 54 miles away.

Each year, over 2.5 million people visit Dayton for business and pleasure. Over 100 festivals and the United States Air and Trade Show, a four-day celebration of flight, delight visitors from all over the nation. The U.S. Air Force Museum at Wright-Patterson Air Force Base, the oldest and largest military aviation museum in the world, has become the state's number one free visitor attraction.

Other notable places to see include the National Afro-American Museum and Cultural Center, the Dayton Museum of Discovery, the historic Wright Brothers Bicycle Shop and Carillon Historical Park—a museum designated a National Historic Landmark by the National Park Service.

Dayton is strong in the arts and is home to the Dayton Ballet Company, the Dayton Contemporary Dance Company, the Dayton Philharmonic Orchestra, and the Dayton Art Institute, which houses an internationally acclaimed collection of paintings, sculpture and decorative art spanning many cultures and time periods.

# THE ERVIN J. NUTTER CENTER

Wright State University's Ervin J. Nutter Center is a state-of-the-art entertainment and sports complex. The center features a 13,000-seat capacity main arena, four basketball courts, a recreational running track, a multipurpose room, 60,000 square feet of exhibit space and classrooms.

As an entertainment complex, the versatility of the Nutter Center has made it one of the premier stopping points for major tours. Such major acts as Frank Sinatra, Paul Simon, Gloria Estefan, John Mellencamp, the Oak Ridge Boys, Marie Osmond, Reba McEntire, two sold-out shows each of Guns 'N Roses and Neil Diamond, two shows of Hammer and Boyz II Men, ZZ Top and a sold-out Garth Brooks have graced the stages, as well as AC/DC, Michael Bolton, INXS and The Who. The Boston Pops Esplanade Orchestra has even made a return to the center. Such family show greats appearing at the center include Ringling Brothers and Barnum & Bailey Circus, Sesame Street, Lipizzaner Stallions, Moscow Circus, Ice Capades, World Cup Champions on Ice and Nickelodeon's Super Sloppy Double Dare and Family Double Dare. Add to these such events as the Queen's Own Highlanders and Coldstream Guard, Bobby Knight, Dick Vitale, Greene County Business Expo and various high school events such as chemistry shows and clinics, and you have a facility that has proven to be an integral part of the community in just the few years it has been open.

Home of Wright State's men's and women's basketball and volleyball teams, as well as the entire athletic department's offices, the Nutter Center has been the sight of many spectacular sporting events. The center welcomed the 1991 Women's National Invitational Volleyball Championship and was the site of the 1993 National Junior Olympic Taekwondo Competition. The NBA's Cleveland Cavaliers have held three exhibition contests at the Nutter Center—in 1992 against the Charlotte

Hornets, in 1993 against the Boston Celtics and in 1994 against the New Jersey Nets. Another Nutter Center highlight has been the four men's basketball conference tournaments that Wright State has hosted—in 1993 with the Mid-Continent Conference and in 1995, 1996, and 1997 with the Midwestern Collegiate Conference. The center has hosted high school events such as the Ohio State Wrestling and Volleyball Tournaments since 1991, district basketball and volleyball play and the Miami Valley Basketball Fest. The Nutter Center has achieved a reputation, both nationally and

locally, as a site for high caliber sporting events and competitions.

The facility has been heavily booked from the day it opened, averaging approximately one million guests per year. The Nutter Center has been the site of a variety of entertainment and sporting events that sold out or pushed capacity on a regular basis. For its capacity, the Ervin J. Nutter Center was ranked the sixth highest grossing facility in the United States for ticket sales in 2000, according to *Amusement Business* trade magazine.

# COACHING STAFF

**Lisa  
Fitch**

**Head Coach  
Fourth Year**

Entering her fourth season as head coach of the Wright State women's basketball team, Lisa Fitch looks to build upon the strides that the program has made the past three campaigns, including its first-ever win in a conference tournament last season, and add to that list this year.

Named the fourth head coach in the program's history on March 26, 1997, Fitch was no stranger to leading the Raiders before being named as head coach as she directed the team at various times over four years, including a 5-6 mark to close out the 1996-97 season.

This is Fitch's eighth season overall with the Raider program as she was the associate head coach for three years after serving as an assistant coach during the 1993-94 season. During that time, she assisted coach Terry Hall with the overall administration of the program from recruiting and scouting to day-to-day practice and office organization.

Before coming to Wright State, Fitch was the head coach at the University of Akron for four seasons, compiling a record of 23-86. Fitch began her coaching career at Walsh College in 1984 where she was the head women's basketball coach for two years, compiling a 29-19 record. In 1988-89, the Cavaliers captured first place in the Mid-Ohio Conference with a 9-1 mark and were ranked fifth in the NAIA District 22. As a result, Fitch was named as the Mid-Ohio Conference's Coach of the Year.

Fitch was also the softball coach for two seasons at Walsh and was 56-33 during that time. Her squads captured back-to-back Greater Ohio Athletic Conference titles while advancing to the NAIA District 22 postseason playoffs.

A 1981 graduate of Ohio University with a bachelor's degree in economics, Fitch was a four-year letterwinner in basketball for the Bobcats as a point guard. She also earned her master's degree in sports administration at Ohio University in 1982.

Lisa is the daughter of Bill Fitch, who was the head coach of the NBA's Cleveland Cavaliers, Boston Celtics, Houston Rockets, New Jersey Nets and Los Angeles Clippers. His 944 victories are third on the NBA's all-time list. Her mother, Margaret, resides in Texas.

## **Holly Borchers**

### **Assistant Coach Fourth Year**

Holly Borchers is in her fourth year as an assistant coach at Wright State after completing a standout career at Creighton University.

The former Holly Sivesind, Borchers played for the Lady Jays from 1993–97, ranked in the school's top ten list in eight categories, including first in free throw percentage (.797), third in assists (408) and three-pointers made (174), sixth in three-point percentage (.356), seventh in free throws made (228), eighth in points scored (1250), ninth in free throws attempted (286) and tenth in field goals made (424). She was the Freshman of the Year in the Missouri Valley Conference for the 1993–94 season and was a first-team All-MVC selection as a junior.

Borchers also had an outstanding high school career as she was South Dakota's "Miss Basketball" as a senior at Roosevelt High School and a *USA Today* All-American. She was also a Street & Smith honorable mention All-American in 1993 as she led Roosevelt to a runner-up finish in the state basketball tournament.

A native of Sioux Falls, South Dakota, Borchers graduated with a double major in theology and psychology from Creighton in 1997. She and her husband Dean were married this past June and reside in Beavercreek.

## **Cliff Sawyer**

### **Assistant Coach First Year**

While Cliff Sawyer is new to the college basketball coaching scene as he joins the Raider staff this season, he is definitely a veteran with many previous experiences on and off the court.

Prior to coming to Wright State, Sawyer was an educational assistant at Pickerington High School. Along with his classroom duties, which included monitoring students and giving class lectures, he was the freshman girls basketball head coach and the head freshman football coach. He also served as an assistant coach on the varsity girls level and was part of the Pickerington teams that won state titles in 1998 and 1999 and was state runner-up in 2000.

# MIDWESTERN COLLEGIATE CONFERENCE

The Midwestern Collegiate Conference, now in its 22nd season of existence, continues to build upon a strong foundation of institutions with a tradition of broad-based programs, led by administrators and coaches who place a constant emphasis on academic integrity. The MCC continues to strive to maintain the goals and objectives necessary to achieve national prominence as a top 10 Division I athletics conference.

The MCC has established specific goals for upgrading the league's market and competitive positions, with an eye toward continually enhancing the student-athlete experience. The conference has a commitment to engage both its staff and member-institution administrators and students to serve on national-level committees. The conference is an affiliation of eight institutions with similar athletics goals that provides stability and major-market exposure.

MCC markets, including five of the country's top 30 television areas, cover more than nine million TV households and encompass nine percent of the nation's television audience. The member institutions are generally located in major metropolitan areas and benefit from the business, cultural, educational and entertainment resources available to the university community.

Originally founded in 1979, the MCC was initially a men's-only sports league, but added women's athletics in the 1986-87 season. League members continue to advocate competitive

athletics as a valuable educational experience and as an important component in the process of higher education.

The league features both public and private institutions committed to fielding a broad-based NCAA Division I athletics program that develops physical fitness, academic development and moral character in its student-athletes. Among the MCC's established operating principles are efforts to maintain integrity, gender equity, academic ex-

cellence and fiscal responsibility in the athletics enterprise.

Best known for its men's basketball success, the MCC offers a total of 18 different championship sports (nine each for men and women). The conference enjoys NCAA automatic qualification or play-in access in baseball, men's basketball, women's basketball, men's golf, men's soccer, women's soccer, softball, women's tennis and women's volleyball.
